CAREER OBJECTIVE

I am a passionate and highly motivated aspiring software developer, currently pursuing a Diploma in Electronics and Communication Engineering at Annamacharya Institute of Technology, planning to transition into B.Tech CSE via ECET. With strong programming skills in C, Java, and Python, and actively learning Data Structures and Algorithms, I am committed to building real-world applications and securing a developer role in a top-tier tech company.

EDUCATION

Diploma in Electronics and Communication Engineering

Annamacharya Institute of Technology, Hyderabad (2022 - Present)

Currently in 6th Semester

TECHNICAL SKILLS

Programming Languages: C, Java, Python

Web: HTML, Flask, Java Spring Boot

Data Structures: Arrays, Searching, Sorting, Recursion, OOP

Tools: Termux, AIDE (Android), VS Code

Version Control: Git & GitHub

OS: Windows, Android

PROJECTS

- **Billing System (C):** Manages item entry, price calculation, and total billing.
- **Banking System (Java):** Basic banking operations using switch-case logic.
- **Number Guessing Game (Java):** Console game using random number generation.
- **Clock (Java):** Displays current time in digital format.
- **Calculator (Java):** Performs basic arithmetic operations.

STRENGTHS

- Project-based learner with practical understanding
- Strong discipline (no social media distractions)
- Fast learner with self-driven motivation
- Clear goals and strong work ethic
